

White

wall

at first, the white wall feels like a new beginning

a blank canvas

a world of opportunities

just waiting to be filled.

so you get started.

colouring,

PEOPLE
NOT
PROFIT

sticking,

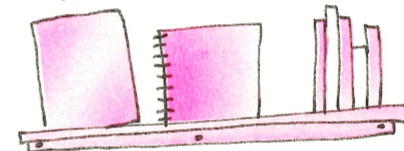

FREE
GAZA

DYKE

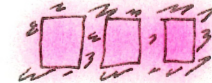

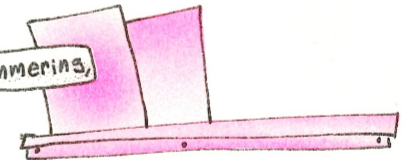

MARCH

pasting,

QUEER
HANG
OUT

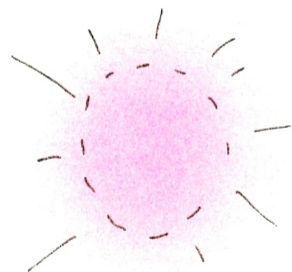

hammering,

to show some signs of life.

but every time you add something,

the previous thing disappears.

HELA
KONST
FACK
HATAR
RASISTER

posters eaten up,

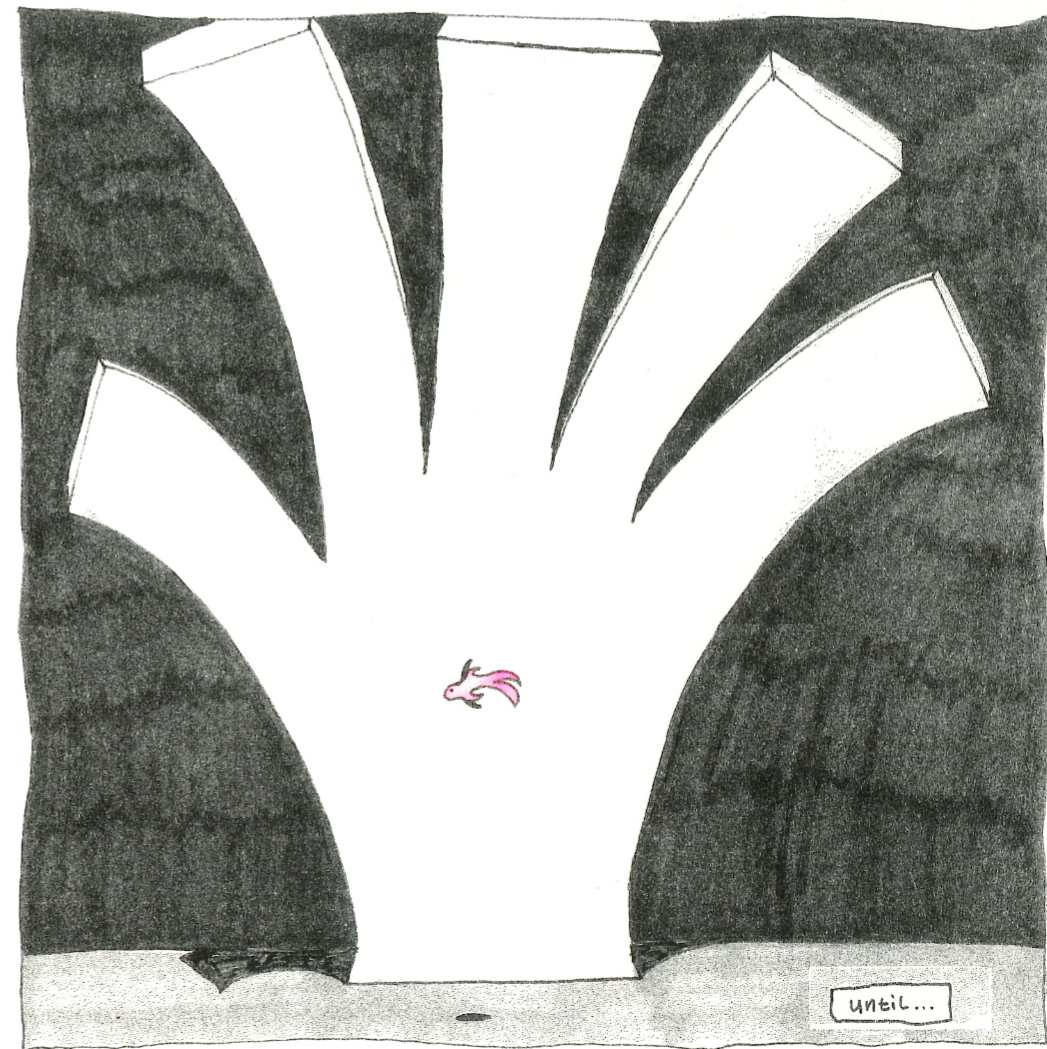

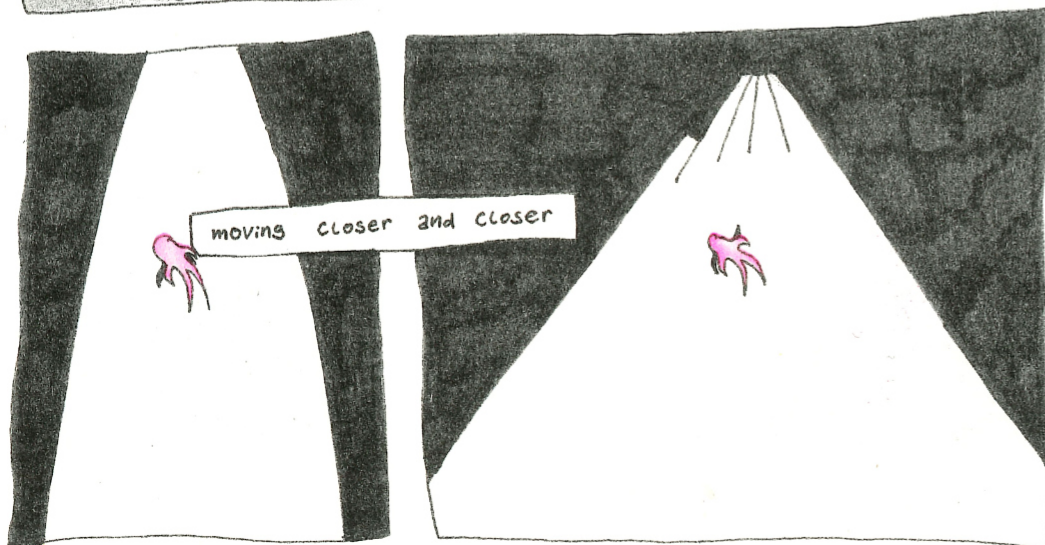

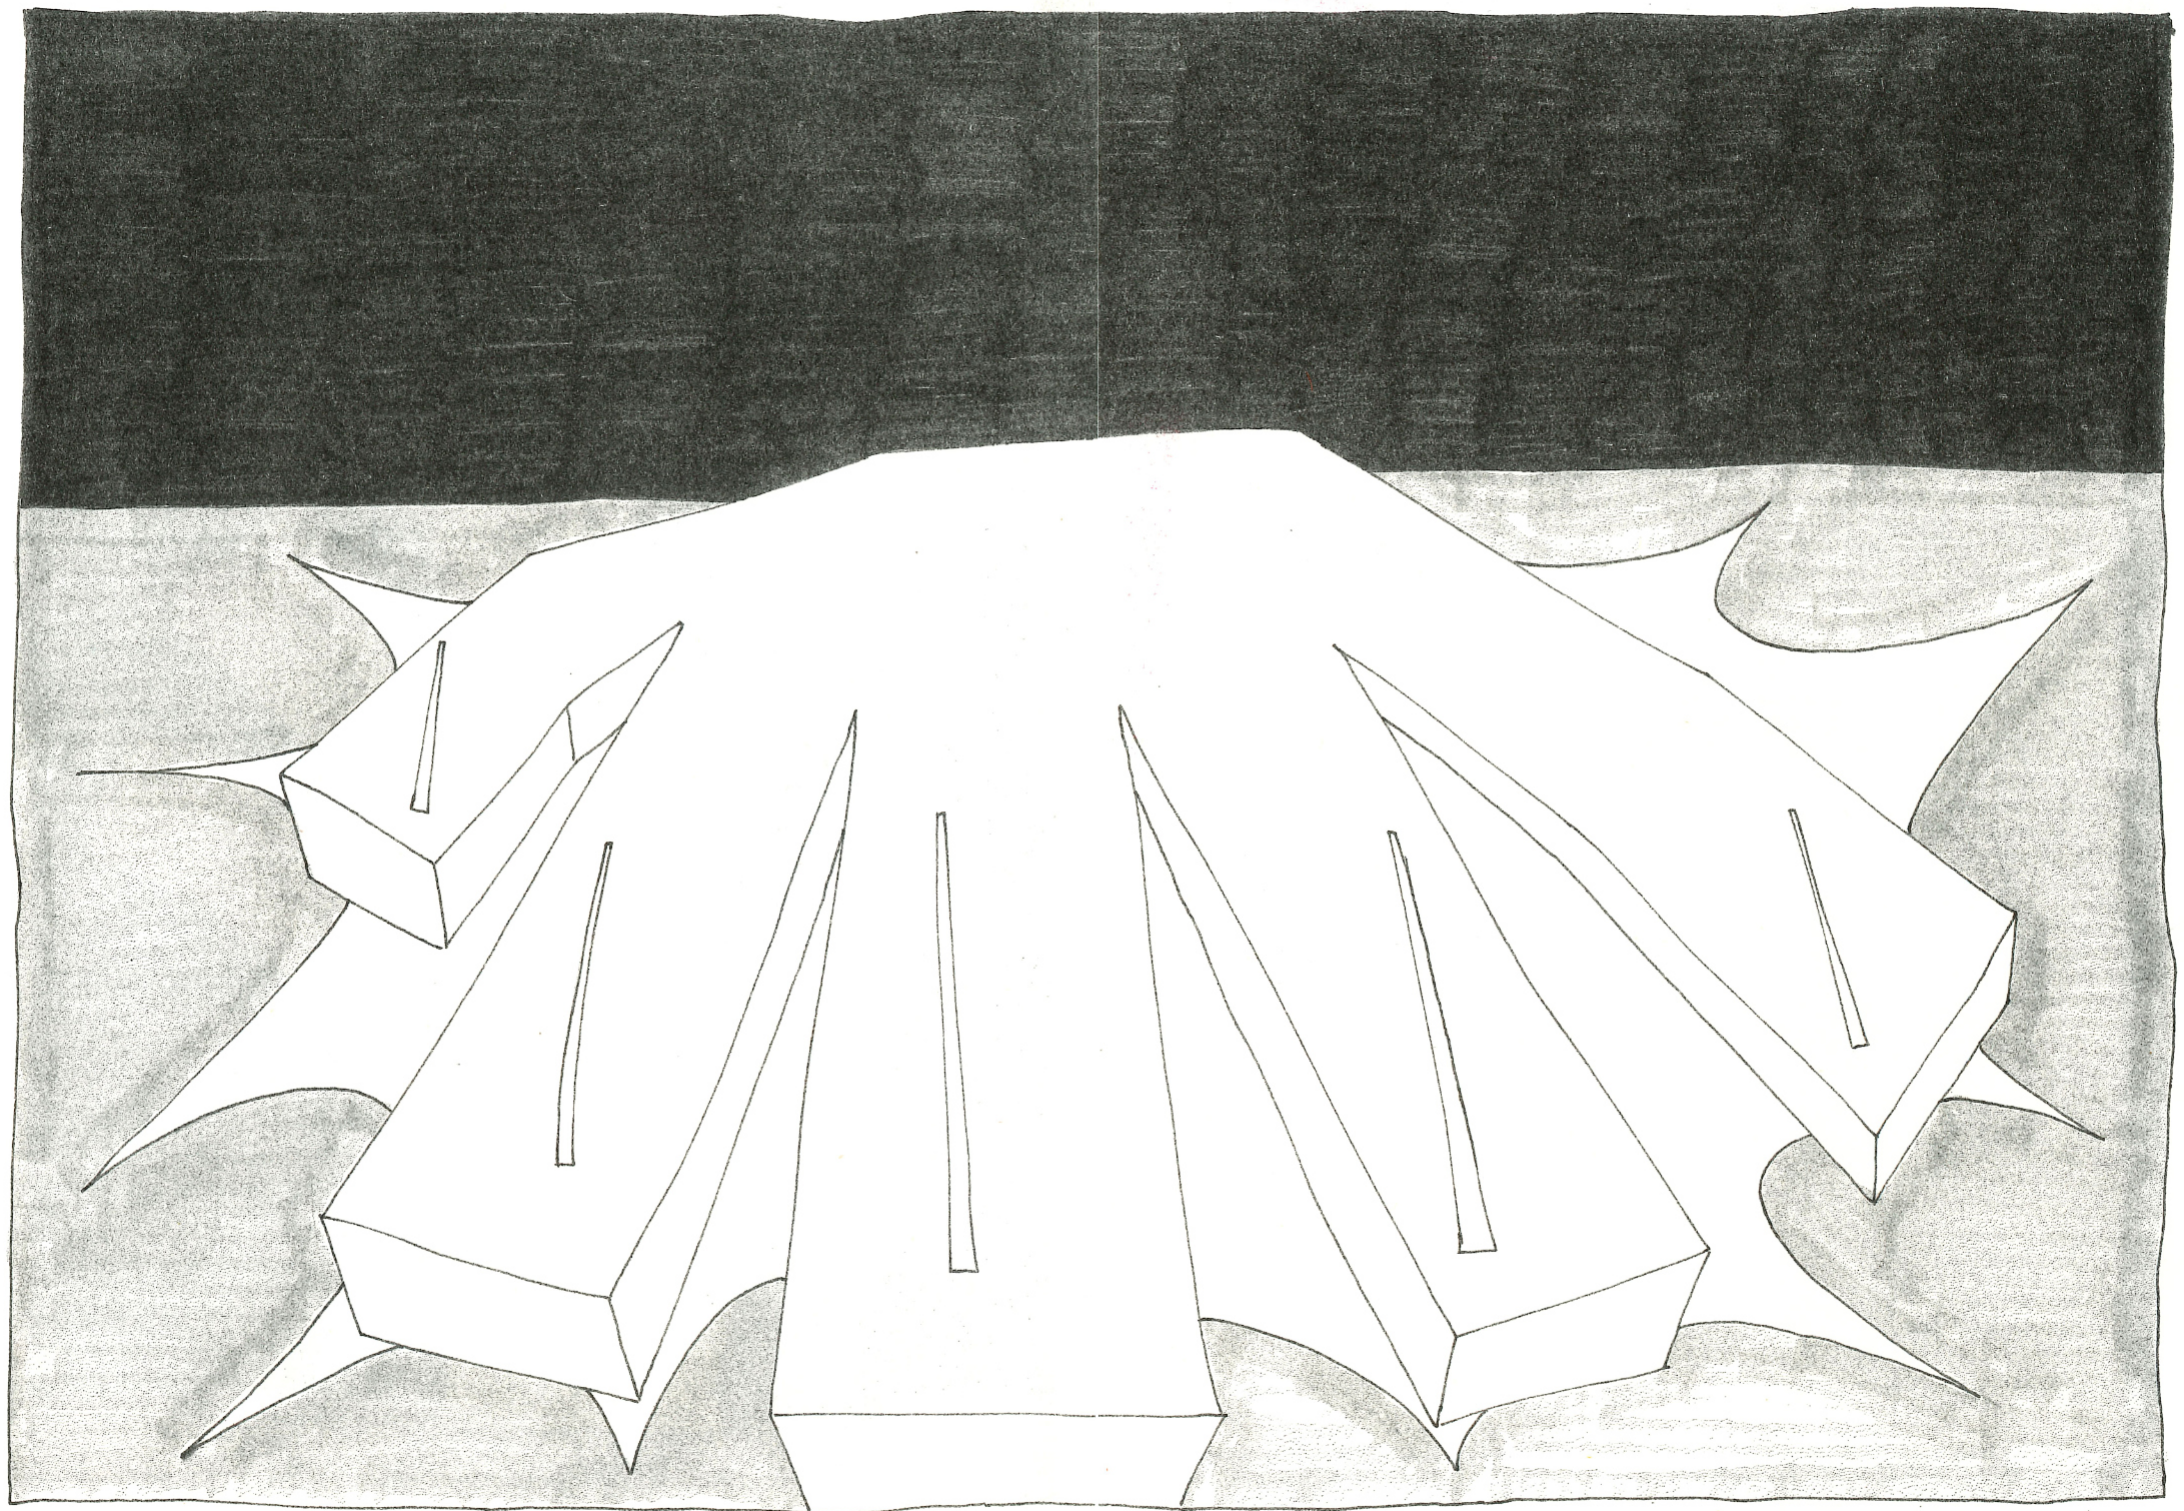

colours drained,

until it's white pristine.

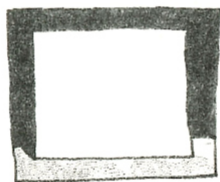

it was never a canvas

that was just a facade.
